Additional treatments or vaccinations to be done while pet is here:

_____
_____
_____

Due to time constraints, we are no longer providing a complimentary cherry bath before your pet goes home. Please indicate if you would like for your pet to have a bath before it goes home. The normal price for a bath will apply to this service.

BATH: please circle **Y** **N**

PLEASE NOTE: For the safety of your pets and others that are boarding with us, we require that **all** animals be current on their vaccinations. For dogs, this is a current rabies vaccination, DHLPPC and bordatella. For cats, this is a current rabies vaccination and FVRCP. If you are not a regular client, we will require written proof of vaccination from a veterinarian, or we will give the vaccinations here. Also, **all animals are inspected for external parasites upon check in. If we find evidence of fleas, ticks, or ear mites, or sarcoptic mange, your animal will be treated at our discretion and appropriate charges will be made to your account.**

Sometimes a pet objects to our trying to help him/her and becomes irritated enough that we cannot accomplish our goal. Should this occur, is it ok to sedate your pet to complete the work? If you answer yes, there will be an additional charge for the sedation.

YES_____NO_____

Please list any items you are leaving with your pet:
