PET'S NAME: _____

I understand that my pet is being left in the medical care of North Channel Animal Hospital, its veterinarians and staff. I further understand that every effort will be made to insure my pet's safety and comfort. I hereby authorize the use of anesthesia if required for any procedures or treatments performed in the care of my pet.
 I further understand that my pet will be inspected for external parasites upon check in. If evidence of fleas, ticks, ear mites, or sarcoptic mange is found, my animal will be treated at the hospital's discretion and appropriate charges will be made to my account.

PRE-ANESTHETIC BLOOD TESTING CONSENT FORM

****PRE-ANESTHETIC BLOOD TESTING IS MANDATORY FOR ALL ANIMALS 5 YEARS OF AGE AND OLDER.****

Like you, our greatest concern is the well-being of your pet. Before putting your pet under anesthesia, we will perform a full physical examination. However, many conditions, including disorders of the liver, kidneys or blood, are not detected unless blood testing is performed. For these reasons, we highly recommend blood screening before such procedures. **The total cost of these important tests is \$ 60.70.**

- YES, I want my pet to have a pre-anesthesia blood screen.
- NO, I do not want my pet to have a pre-anesthesia blood screen.
- Feline Only, FELV/FIV Test. **\$63.90**

DENTAL AUTHORIZATION

I hereby authorize North Channel Animal Hospital to anesthetize my pet to have his/her teeth cleaned and polished. We may find that some teeth will need to be extracted during the dental. **Minor extractions are an additional charge of \$11.00 each and Major extractions are an additional charge of \$26.80 each. Additionally, during the pre-surgical physical exam, we sometimes find that younger animals have baby teeth that should be extracted to prevent problems later on. If we find this condition in your pet, can we pull any teeth that should be removed?**

- OK to pull teeth if necessary
- Not OK to pull teeth, **MUST SPEAK WITH DOCTOR BEFORE DROP-OFF**

.....
ADDITIONAL CHARGES

THERE IS A MINIMUM ADDITIONAL CHARGE OF \$28.40 IF YOUR ANIMAL IS IN HEAT OR PREGNANT.
 POST-SURGICAL PAIN RELIEF WILL BE SENT HOME FOR ALL OVARIOHYSTERECTOMIES.
 THE COST OF THIS PAIN MEDICATION IS ESTIMATED AT \$30.00 - \$40.00

.....
